Dashboard Projeto Integrador

Sejam muito bem vindos ao Dashboard do Projeto Integrador realizado pelos alunos do segundo semestre em ciência de dados (Rafael Kobayashi Santos, Victor Calixto da Silva e Gabriel Borges Gomes) da Fatec Cotia!

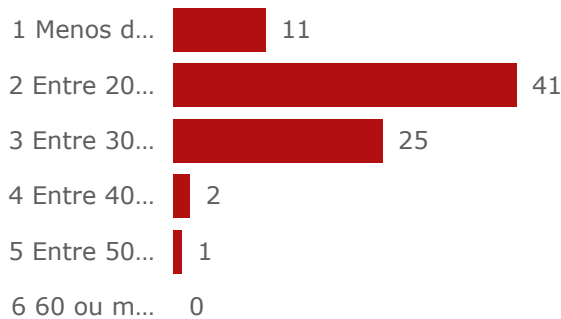

Os dados aqui utilizados foram fornecidos pela própria instituição, e foram disponibilizados apenas para as dependências da instituição para finalidades didáticas.

Os gráficos a seguir, são representações e conjuntos das respostas do questionário WebSai2022, com o foco nas perguntas relacionadas as áreas de Gestão, infraestrutura e questões básicas relacionadas aos alunos e docente da instituição, nos quais as perguntas dos alunos foram separados por curso (**Ciência de dados**, também abreviado para **CD** - **Desenvolvimento de Software Multiplataforma**, também abreviado para **DSM**, **Gestão Empresarial**, também abreviado para **GE** e por último, **Gestão de Produção Industrial**, abreviado para **GPI**), incluindo todos os períodos que os cursos são ministrados, onde os dados refletem apenas a quantidade de respostas obtidas na pesquisa, e não no total de alunos que a Fatec Cotia possuía até o momento.

Para mais informações, todas as atualizações serão documentadas e arquivadas no link:
